July 2026

CURRICULUM VITAE

SOPHIA R. HILLARD, B.A.

sophiahillard26@gmail.com | https://github.com/s0ph1arh

EDUCATION

2022 – 2026 **Smith College**
Data Science and Statistics Major, Government Minor
Northampton, Massachusetts, GPA 3.9 / 4.0

HONORS & AWARDS

2023, 2026	Smith College Dean's List
2026	Mu Sigma Rho – The National Statistics Honor Society
2026	Pi Sigma Alpha – The National Political Science Honor Society

GRANTS & FUNDING

2026	Smith College Professional Development Fund ($1,000) – To attend IASEAI Conference at the UNESCO House, Paris, Fr
2024	Smith College Internship Fund, PRAXIS ($2,500) – Supporting unpaid research opportunity at UMass Boston

EMPLOYMENT AND RESEARCH

CURRENT

- -

Clarity Campaign Labs Junior Analyst

- January 2026 – Present
- *Fielding multi-modal surveys and processed data daily to analyze data returns*
- *Use of machine learning statistical techniques to create statistical models*
- *Built SQL queries to streamline workflow for data processing*
- *Created insightful slide decks and visualizations in R and QGIS for deliverable results to clients*

2026 **Special Studies: Political History of Data**

- January – May 2026
- *Worked with Dr. Brent Durbin to conduct research on the political history of the Census in the United States.*

2025 **Data Ethnography and Advocacy Lab Student Researcher**

- September – December 2025
- *Worked with Dr. Lindsay Poirier on beginnings of research surrounding the political history of the Maternal Mortality Rate in the United States. Research on pause as professor takes leave*

Clarity Campaign Labs Summer Analyst Fellow

- May – August 2025
- *Fielded multi-modal surveys and processed data daily to return toplines using varying software tools*
- *Built SQL queries to streamline workflow for data processing*
- *Created insightful slide decks and visualizations in R and QGIS for deliverable results to clients*
- *Received early return offer for 2026 cycle in September of 2025*

Smith College State Politics Lab Student Researcher

- September 2024 – May 2025

- *Performed data collection, classification, and wrangling for upcoming state policy research projects and analysis. Currently tracking relationships between campaign finance and certain restrictive policies. Lab discontinued as professor moved universities*

2024 **Research Intern, Center for Women in Politics and Public Policy at University of Massachusetts, Boston**
- June 2024 – August 2024
- *Received PRAXIS grant from Smith College for this research*
- *Created, organized, and evaluated a large database of lengthy status reports for upcoming nationwide research from the CWPPP. I worked on building this database and then creating evaluative criteria to better understand the reports I researched, assisted in training for the database systems.*

PREVIOUS

2024 **Office Assistant, Smith College Class Deans' Office**
- September 2024 – May 2026
- *Assisting in managing Class Deans' scheduling, appointment tracking, booking, and office maintenance in a well-trafficked office at Smith College.*
- *Worked to quickly problem solve and assess student needs, helping students through personal and academic issues.*

2023 **Desk Assistant, Forbes Library, Northampton MA**
- September 2023 – Jan 2024 (Temporary Position)
- *Reference and Arts and Music Department desk assistants, worked with a high volume of library patrons to ensure that their needs were met.*

Cashier, Whole Foods Market, Seattle WA
- June – August 2023 (Seasonal)
- *Customer Service and Store Support Teams: Interfacing with customers and handling several transactions per day in a highly trafficked store environment*

Office Assistant, Smith College Box Office
- January – May 2023 (Temporary Position)
- *Managed ticket sales and will call as well as assisting in managing the back of house operations on show nights.*

2019 – 2022 **Server, Meadowlark Hills Retirement Community, Prairie Star Restaurant, Manhattan KS**
- *Handled several transactions per day at a venue serving a unique clientele. Hosted, served, and managed large events for residents living in the community. Assisted with food preparation and delivery during Covid-19.*
- *Learned to solve problems creatively and frequently without assistance, learned to quickly assess any situation and complete or delegate tasks while asking for supervisory aide when necessary.*

RELEVANT COURSEWORK AND SKILLS

COURSEWORK, TECHNICAL

2026 **Capstone in Statistical and Data Sciences**
- *Semester-long project for Pedal People Inc. – developed emissions calculator for CO2 produced through waste collection habits, led development, testing, and shipping of API that our sponsor integrated with Pedal People's existing UI and infrastructure that ran on Linux (repository). API code available upon request.*

2025 **Research Methods and Design**
Linear Algebra
Modeling for Machine Learning
- *Machine learning and natural language processing model to detect AI-authored*

essays (code)

2024 **Multiple Regression**
Introduction to Discrete Mathematics
Programming In R
- *Collaborated in a group of students to create a functional and open source R package for WNBA data that can be found and downloaded on GitHub (code).*

RESEARCH SEMINAR: Political Networks
- *Collaborated with a classmates to present a peer-reviewed research paper on the influence of public opinion on environmental policy utilizing advanced statistical network modeling techniques in R Studio*

2023 **Introduction to Data Science**
Laboratory: Reproducible Scientific Computing with Data
Introduction to Computer Science
Introduction to Probability and Statistics

2022 **Data and Social Justice**
- *Utilized data analysis techniques in Tableau to conduct an exploratory analysis on the Covid-19 pandemic's effect on the mental health of marginalized groups.*

COURSEWORK, NON-TECHNICAL

- -

2026 **American Constitutional Law: Civil Rights and Liberties**
- *Received top marks on Constitutional analysis in hypothetical Supreme Court Case opinion*
- *Volunteered to serve as a Justice in mock trial for the hypothetical case*

2025 **Politics of Data**
Statistical Ethics and Institutions

2024 **Elections in the American Political Order**

2023 **Public Opinion and Mass Media in the United States**
Politics of Public Policy
- *Collaborated with peers and a local organization supporting the unhoused community in surrounding areas to perform community outreach in support of their initiative to provide bus passes for their guests, and in broader support of a free public transit movement in the community.*

SKILLS, TECHNICAL

- -

Programming Languages:
- *Advanced: R/RStudio, SQL*
- *Intermediate: Python, HTML*
- *Proficient: MATLAB, Perl*

Software Development:
- *Skilled at ensuring a complete understanding of the needs of a client when developing a product*
- *Package development/documentation in R*
- *Github collaboration*
- *API integration*

Data Analysis:
- *Machine learning*
  - *Familiar with modeling methods and techniques such as clustering, xgBoost, NLP, PCA, SVM*
- *Regression techniques such as GLMs, ANOVAs*
- *Data visualization*
  - *Geospatial mapping, statistical graphic, QGIS for map making*

SKILLS, NON-TECHNICAL

- -

Research Methods:

- *Survey design*
- *Literature reviews*
- *Research writing*
- *Creating research questions*
- *Analytical thinking*
- *Developing creative ways to ensure research information is accessible through slides or visualizations*

Client Engagement:

- *Managing meetings and documentation to ensure thorough understanding of client needs and products*
- *Creating thorough documentation of shipped products to ensure assumptions are noted and establish points of improvement/decision-making to guide client through our process*
- *Retaining the clients goals and priorities as the overarching through line of our work, consistently taking time to reflect on whether or not the work meets these goals and priorities*
- *Presenting information to clients in an accessible manner*

Workplace Dynamics:

- *Implementing stand-ups and meetings to ensure open dialogue and cultivate new ideas within broader team*
- *Working towards a culture of consistent communication and transparency between levels of staff*
- *Maintaining continuous documentation of my own work to ensure that others can benefit from my knowledge wherever possible*
- *Creating a collaborative environment within junior team*

INTERESTS – WORK AND RESEARCH

- Technology for Public Service, Antitrust Law, Intellectual Property Law, Social Sciences of Quantification, Politics of Data, Statistical Ethics.
- **Member** of **International Association for Safe and Ethical AI**, attended IASEAI 2026 Conference by invitation only at the UNESCO House, Paris, Fr.

EXTRACURRICULARS AND PERSONAL INTERESTS

EXTRACURRICULARS

- -

Smith College **Executive Board: Smith College Ceramics Club 2023–25**

- *Membership Logistics Committee member working to process and analyze applications to the studio using Google Suite since 2023.*

Smith College Radio, WOZQ 91.9 FM Host 2023–

- *Host a once per week radio show including music and highlighting public and community events. Working to provide accessible and enjoyable programming.*

Smith College Student Government Association, Senator 2025–25

- *Works with all-campus Senate to advocate for Smith students and liaise between administrative needs of the college and needs of the student body*
- *Filled temporary vacancy*
- *Chartering Committee: Allocates funding to and approves of new organizations at Smith College*

PERSONAL INTERESTS

- -

I enjoy music in all varieties, and I hope to continue learning new instruments and gaining exposure to new types. I play piano and guitar, and I often play music with friends to unwind. I also invest a great deal of time in movement, whether walking/running outside or working out in the gym. Other passions include cooking, logic games, reading, trying new activities, ceramics, traveling, and the WNBA.
